

Feature

6057 Carey's Run Pond Creek

OVER 21 ACRES ADJOINING SHAWNEE FOREST! This is your opportunity to have luxury in the country. Gorgeous new hardwood floors adorn this 4 BR, 3.5 BA custom built brick home. This home offers the convenience of first level master bed, bath and laundry with an open concept 2nd level that provides endless possibilities. Ask your builder what it would cost to build this amazing 2900 sq. ft. brick home and add that to what you'll pay for 21 acres that provide full unlimited access to the beautiful Shawnee Forest landscape. My guess is that it will be more than the \$269,000 the owners are asking for this one.
