

Feature

1921 Brushy Road, Greenup, Kentucky

245 Acres of pasture, hay and woodland, all combine to make this a one-of-a-kind opportunity. A modern brick ranch home with 3 bedrooms, 2 baths, 2 car attached garage. A large equipment shed, shop building, cattle barn and a large horse barn. This farm is fenced and cross fenced for hay and pasture with a creek running through part of it. There is lots of road frontage on a small black-top county road, which gives it potential for development as well as many acres of marketable timber. Call Dave for details and a private showing! You can also view this and all of our listings on our website and realtor.com.
